

# WANTED - MANY GOOD VOLUNTEERS

## Introductory Information for Volunteers

- **PETS** (Progressive Equestrian Therapeutic Services, Inc.) is a 25 year old nonprofit, tax exempt, 100% volunteer organization which provides a skill-based program of horseback riding and horsemanship to residents of Prince George's County with disabilities. This service is provided free of charge to participants.
- **PETS** is always in need of good volunteers. "Horse Person" experience is certainly welcome, but not a prerequisite for volunteer service. Volunteer training will be provided. Volunteers must be at least 14 years old to work directly with the riders. You may participate in a variety of capacities (see our Volunteer Preference Form) on the days and at the available times that are convenient to you (regular lesson days, special activities, etc.). Regular lesson days are on Tuesday, Wednesday, and Thursday evenings.
- **PETS** operates at the Prince George's Equestrian Center, in Upper Marlboro, as an invited guest of the Maryland-National Capital Parks and Planning Commission. It is located in Barn W-1 which is situated to the farthest right of the Showplace Arena.
- **PETS'** status as a nonprofit organization allows you to earn **Community Service Hours** for the times you perform volunteer service for the organization.
